**PLANNING COMMISSION TO CONSIDER RECOMMENDING THAT
THE CITY COUNCIL APPROVE NEW APPOINTMENTS FOR THE
TREE COMMITTEE MEMBERS FOR TWO-YEAR TERMS. THIS
ACTION IS EXEMPT FROM ENVIRONMENTAL REVIEW PER § 15378
OF THE CEQA GUIDELINES.**

RECOMMENDATION

1. Adopt Resolution No. 2025-03, recommending that the City Council appoint four (4) community members to the Tree Committee for two years terms from the date of the City Council action.
2. Find that this action is exempt from Environmental Review Per § 15378 of the CEQA Guidelines.

BACKGROUND

On November 21, 2023, the City Council extended the existing Tree Committee's term by one year or until January 1, 2025.

On April 16, 2024, the City Council adopted Ordinance No. 2024-04 to amend Marina Municipal Code (MMC) Section 17.62.090.A to allow a term of two (2) years for Tree Committee members.

STAFF ANALYSIS

The Tree Committee is a subcommittee of the Planning Commission. Its two main obligations are to make recommendations regarding tree removal permits and landmark trees to the Planning Commission or the Community Development Director depending on the project. The Committee consists of five members with four members that are recommended by the Planning Commission and appointed by the City Council¹. The fifth member is selected from the Planning Commission with an alternate. Currently Richard St. John is the primary representative from the Planning Commission and Paul Cheng is the alternate. No change is proposed to the Planning Commission representatives.

The Tree Committee has met nine times in the past two years since the Committee was re-established after the COVID pandemic in 2023. Three of the four previously appointed members of the Tree Committee have re-applied with one stepping down. All three returning members have excellent attendance at Tree Committee meetings and wish to return. The final applicant is new and has been interviewed by the Planning Commission Chair and staff. Therefore, the following four people are recommended for a two-year term on the Tree Committee:

- Greg Simmons (Member since 2023)
- Jackie Gardner (Member since 2023)
- Jeff Markham (Member since 2023)
- Joey Silva (New member)

ENVIRONMENTAL IMPACT

Item No. 7C

Chair and Members
Of the Marina Planning Commission

Planning Commission Meeting
of January 23, 2025

RECOMMENDATION TO OPEN A PUBLIC HEARING, TAKE ANY TESTIMONY FROM THE PUBLIC, AND CONSIDER ADOPTING A RESOLUTION OF THE PLANNING COMMISSION APPROVING AN EXTENSION OF THE COMBINED DEVELOPMENT PERMIT FOR THE PROJECT AT 3298 DEL MONTE BLVD (APN 032-031-001 & -003) FOR A PERIOD OF TWELVE (12) MONTHS OR UNTIL APRIL 23, 2026. THE PROJECT IS EXEMPT FROM ENVIRONMENTAL REVIEW IN ACCORDANCE WITH THE CALIFORNIA ENVIRONMENTAL QUALITY ACT (CEQA) UNDER SECTION 15061(B)(3) COMMON SENSE EXEMPTION.

RECOMMENDATION:

“I move to adopt Planning Commission Resolution 2025-01 approving a one (1) year extension for the SeaPointe Apartments at 3298 Del Monte Blvd (APN 032-031-001 & -003) and find that the project is CEQA exempt under Section 15061(b)(3) Common Sense Exemption.”

BACKGROUND:

On February 19, 2020, Henry Ruhnke, on behalf of the property owner, Marina LLC, made an initial deposit of development review fees and a proposal to construct the proposed project.

On February 8, 2021, the Marina City Council approved Resolution 2021-07 that provided for all the discretionary entitlements for the project. Pursuant to project condition of approval (COA) 2, the original permits were valid for a period of twenty-four (24) months or until February 8, 2023.

On April 23, 2023, the Planning Commission approved Resolution 2023-14 that granted an extension of entitlement for a period of twenty-four (24) months or until April 23, 2025.

On December 10, 2024, the applicant submitted an application (Exhibit A) to extend the project for twenty-four (24) months.

ANALYSIS:

Pursuant to Section 17.58.010 of the Marina Zoning Code the Planning Commission “shall have the power to hear and decide applications for, and issue use permits for, all uses for which a use permit is required or permitted.¹” The only permit in the Combined Development Agreement that needed approval by the City Council in 2021 was the Affordable/Inclusionary Housing Plan for 14 on-site affordable housing units, which is not affected by this extension. Therefore, the Planning Commission is the appropriate authority

¹ Section 17.58.010 of the Marina Municipal Code.

to extend the life of this combined development permit. The applicant submitted a request to extend the life of the permit for an additional twenty-four (24) months or until April 23, 2027. Staff is only recommending twelve (12) months or until April 23, 2026.

This site is a Sixth Cycle Housing Pipeline project site but is still working through the building permit process. They started the building permit process on November 28, 2022, and have gone through five (5) resubmittals. In the past few months, the project has passed Building and Fire reviews. The main outstanding item for planning is approval of the affordable housing agreement by the City Council. The project is also pending the resolution of an issue with Marina Coast Water District (MCWD). MCWD requires individual water meters for each unit, instead of one main water meter for a property and submeters for each of the units. The property owner is requesting a variance on this MCWD requirement. These two issues should be resolved within the next year. Therefore, staff recommends an extension for one year from the expiration date of April 23, 2025.

PROJECT DESCRIPTION:

The proposed project consists of a ninety-four (94) unit apartment complex built in two phases on two lots with fourteen (14) affordable units spread across the two buildings onsite. Both buildings are four-stories and fifty-four feet tall. The first building has forty-six (46) units and is approximately 57,955 square feet and the second building has forty-eight (48) units and is approximately 67,460 square feet. The buildings will replace ten (10) existing single-story structures. Based on the 1.94-acre parcel size, the construction of the 94 units equates to a residential density of 48 units per acre.

It should be noted that this request is for an extension of time only – no modifications or changes of any kind are proposed to the approved project.

ENVIRONMENTAL REVIEW:

The City of Marina determined that this project was categorically exempt from environmental review in accordance with Section 15332 of the CEQA Guidelines for Infill Development Projects when it was entitled in 2021. Extension of an existing permit is not a project under CEQA and therefore is exempt from environmental review pursuant to Section 15061(b)(3) of the CEQA Guidelines. Per section 15061(b)(3), CEQA applies only to projects which have the potential for causing a significant effect on the environment. Here, it can be seen with certainty that there is no possibility that extending an already issued permit previously reviewed under CEQA would have a significant effect on the environment. Thus, the proposed extension is not subject to CEQA.

CONCLUSION:

This request is submitted for Planning Commission consideration and action.

Planning Commission Meeting
of January 23, 2025

OPEN A PUBLIC HEARING, TAKE PUBLIC TESTIMONY, AND CONSIDER ADOPTING PLANNING COMMISSION RESO. NO. 2025-02 RECOMMENDING THAT THE CITY COUNCIL ADOPT CHANGES TO THE MARINA MUNICIPAL CODE (MMC), TITLE 17, ARTICLE 6, BY ADDING TWO (2) NEW SECTIONS 17.59 - "COMMUNITY DEVELOPMENT DIRECTOR'S DISCRETION" AND 17.69 - "PERMIT EXPIRATION", AND AMENDING SECTIONS 17.56, 17.58, 17.60, AND 17.70 PERTAINING TO APPEALS. THE PROPOSED ORDINANCE IS EXEMPT FROM ENVIRONMENTAL REVIEW PURSUANT TO SECTION AND 15061(b)(3) OF THE CEQA GUIDELINES.

RECOMMENDATION:

Staff recommends that the Planning Commission make the following motion to approve the project:

"I move to adopt PC Resolution 2025-02 recommending that the City Council adopt the proposed amendments to Title 17, Article 6, by adding new Sections 17.59 and 17.69, and amending Sections 17.56, 17.58, 17.60, and 17.70 of the Marina Municipal Code pertaining to the Administration of this Title. This action is exempt from environmental review pursuant to Section 15061(B)(3) of the CEQA Guidelines."

ANALYSIS

Through regular use and implementation of Title 17 of the Marina Municipal Code (MMC), planning staff has found that several standard procedural measures within the MMC are unclear. For example, the MMC currently does not have a clear procedure for permit extensions. This amendment proposes to add a section that clearly describes the procedure to obtain an extension of time on a permit so that the project does not expire. A brief description of the proposed amendments follows:

1. Addition of a new section (MMC Sec. 17.59) that allows the Community Development Director (Director) to require that a permit that may be granted through an administrative process be reviewed instead by the Planning Commission in cases where the Director finds that additional transparency and public participation would be beneficial;
2. Addition of a new section (MMC Sec. 17.69) that establishes clear standards on permit effective dates and expiration timeframes. The proposed language allows for the lifespan of an approved permit to be two (2) years instead of one (1) year and clearly states that the Director is the review authority for all extensions. It also clarifies that the number of extensions allowed is two (2) one (1) year extensions; and
3. Repealing MMC Sections 17.56.060, 17.58.050, 17.60.060 and modifying Sec. 17.70 so that all the appeal procedures will be centralized into one location. Proposed new Sec. 17.70.030 adds a requirement that an appeal of a Planning Commission action include a statement or evidence specifying an error or abuse of discretion by the Commission or wherein the Planning Commission's decision is not supported by substantial evidence in the record. The current MMC does not have any such requirement.

The adoption of these procedural standards will clarify important processes for both City staff and the general public.

CORRESPONDENCE

No correspondence has been received regarding these proposed amendments as of the preparation of this report on January 2, 2025.

CONFLICT OF INTEREST

Commission members are subject to all aspects of the Political Reform Act. Commission members must not make, participate in making, or attempt to influence in any manner a governmental decision which he/she knows, or should know, may have a material effect on a financial interest. Because the proposed amendments would be effective through the City and could affect all zoning districts, the proposed action is not expected to result in any material effect on Commissioners' financial interest.

EX PARTE COMMUNICATION DISCLOSURES

In the context of any public hearing or action items that come before the Planning Commission (PC), ex parte communications are those which occur outside the formal hearing process. If such contacts do occur, the substance of the communication must be disclosed to all interested parties in advance of any public hearing or testimony to allow rebuttal. Written ex parte communications must be forwarded to the Community Development Director so that they can be disclosed to the entire Commission and the public.

ENVIRONMENTAL DETERMINATION

The proposed project is exempt from the California Environmental Quality Act (CEQA) under Section 15061(b)(3) of the State CEQA Guidelines. Staff has determined that the exemption applies in this case because the proposed procedural changes would not result in a direct or a reasonably foreseeable indirect physical change in the environment and the proposed ordinance is covered by the general rule that CEQA applies only to projects which have potential for causing significant effect on the environment. Therefore, the adoption of this ordinance is exempt from CEQA, and no further environmental review is necessary.

CONCLUSION

This request is submitted for Planning Commission consideration and recommendation to the City Council.

THE CITY COUNCIL OF THE CITY OF MARINA DOES HEREBY ORDAIN AS FOLLOWS:

1. The Community Development Dept. (CDD) of the City of Marina (City), through its regular use and implementation of the Marina Municipal Code (MMC), finds that several standard procedural measures should be amended for clarity. The proposed amendments include:
 - a. The addition of MMC Sec. 17.59 to give the Community Development Director (Director) the discretion to require a permit to be reviewed by the Planning Commission if this action will increase the transparency and public participation in the review of the permit;
 - b. The addition of MMC Sec. 17.69 establishing clear standards on permit effective dates and expiration timeframes; and
 - c. Modifying MMC Sections 17.56, 17.58, 17.60, and 17.70 providing a standardized appeal process that applies to both the appeal of a Director’s Determination as well as to appeals of actions made by the Planning Commission.
2. The adoption of these procedural standards will clarify important processes for both City staff and the general public.
3. Chapter 17, Article 6. Chapter 17, Article 6, entitled “Administration, Enforcement and Penalties” is hereby amended by adding two (2) new Sections, Sec. 17.59 “Community Development Director’s Discretion”, and Sec. 17.69, entitled “Permit Expiration”, and amending

4. Section 17.70 – Appeals. This chapter will become the central location for regulations pertaining to appeals outside of the Coastal zone. The individual chapters pertaining to individual permit types will no longer include sections on appeals. Appeals of projects that are located in the Coastal zone will continue to be governed by MMC 17.40.280.

5. Environmental. The proposed Ordinance amendments are not subject to environmental review pursuant to the State CEQA Guidelines, California Code of Regulations, Title 14, Article 5, Section 15061(b)(3) because the proposed procedural changes would not result in a direct or a reasonably foreseeable indirect physical change in the environment and the proposed ordinance is covered by the general rule that CEQA applies only to projects which have potential for causing significant effect on the environment. 17.70.030 – ~~Action by planning commission~~ filing of appeals.

17.70.040 – ~~Appeals~~ Time limits.

17.70.010 Purpose.

Determinations or actions of the Community Development Director or his/her designee, or planning commission may be appealed by this chapter.

17.70.020 Appeal subjects and appeal authority.

Determinations and actions that may be appealed, and the authority to act upon an appeal, shall be as follows:

(A) Staff Determinations. The following determinations and actions of the community development director or his/her designee may be appealed to the planning commission and then to the council.

- (1) Director's Determinations on the meaning or applicability of these regulations that are believed to be in error.

(B) Decisions of Review Authorities. Generally, decisions of the Director and the Tree Committee may be appealed to the Planning Commission, and decisions of the Planning Commission may be appealed to the council. When a single project requires two or more permit applications, or where final action on an application is subject to deadlines which cannot reasonably be satisfied if an application is subject to multiple appeals, any appeal of the project shall go to the higher-level appeal authority among those permits. The decision of the City Council shall be final.

17.70.030 Filing of Appeals.

(A) Who May File an Appeal. An appeal may be filed by:

- (1) Any person affected by an administrative determination or action by the department; or
- (2) Anyone who, in person or through an authorized representative, appeared at a public hearing in connection with the decision being appealed, or who otherwise informed the City in writing of the nature of their concerns before the hearing.

(B) Timing and Form of Appeal. All appeals shall be submitted in writing on a City application and shall specifically state the pertinent facts of the case and the basis for the appeal.

- (1) Appeals shall be filed in the community development department or, in the case of appeals of Planning Commission actions, in the office of the city clerk, within 10 calendar days following the final date of the determination or action being appealed; ~~provided, that the time for appeal may be shortened to five days by the decision-maker whose decision is subject to appeal where final action on an application is subject to deadlines that cannot reasonably be satisfied if there is a longer appeal period.~~
- (2) Appeals shall be accompanied by a written report stating specifically wherein it is claimed there was an error or abuse of discretion by the Commission or wherein its decision is not supported by substantial evidence in the record. The Council shall only hear the appeal if the notice is filed and all required fees are paid within the ten (10) calendar day appeal period. An appellant may submit a written request to withdraw their appeal any time before the scheduled hearing for the appeal.

(C) Scope of Appeals. An appeal of a decision on a community development permit shall be limited to issues raised at the public hearing, or in writing before the hearing, or information that was not generally known at the time of the decision that is being appealed.

17.70.040 Processing of Appeals.

(A) Scheduling of Hearing. After an appeal has been received, the matter shall be placed on the next available agenda of the appeal authority and within sixty (60) days.

(B) Notification of Applicant. Within three (3) business days of receipt of an appeal, staff shall attempt to notify the applicant.

(C) Joining an Appeal. Only those persons who file an appeal within the time limit established shall be considered appellants. Any person who wishes to join an appeal shall follow the same procedures for an appellant. No person shall be allowed to join an appeal after the expiration of the time limit for appeals.

(D) Action and Findings. The appeal authority shall conduct a *de novo* public hearing. At the hearing, the appeal authority may consider any issue involving the matter that is the subject of the appeal, in addition to the specific grounds identified in the appeal.

(1) The appeal authority may affirm, affirm in part, or reverse the action, decision, or determination that is the subject of the appeal, based upon findings of fact about the case. The findings shall identify the reasons for the action on the appeal and verify the compliance or non-compliance of the subject of the appeal with these regulations.

(2) When reviewing a decision on a community development permit, the appeal authority may adopt additional conditions of approval that may address other issues or concerns than the subject of the appeal.

(3) Effective Date of Appeal. A decision by any appeal authority other than the City Council is effective on the eleventh day after the decision, if no appeal to the decision has been filed, or before the next regularly scheduled meeting. Because a decision by the City Council is final, unless in certain circumstances when a property is located in the Coastal zone, it is effective as of the date of the decision, unless the Council specifies an alternative date.
