City Council Meeting
of January 4, 2022

**CITY COUNCIL OPEN PUBLIC HEARING TAKING TESTIMONY FROM
PUBLIC AND CONSIDER ADOPTING RESOLUTION NO. 2022-, RECEIVING
PUBLIC AND CITY COUNCIL INPUT ON THE DRAFT REVISED CITY
COUNCIL VOTING DISTRICT BOUNDARY MAPS**

REQUEST:

It is requested that the City Council consider:

Opening a public hearing taking testimony from public and consider adopting Resolution No. 2022-, receiving a public and City Council input on the draft revised City Council voting district boundary maps.

BACKGROUND:

On September 4, 2019, the City Council adopted a resolution declaring its intent to initiate proceedings to transition the City from at-large to district-based Council Member elections pursuant to Elections Code Section 10010 and Government Code Section 34886 (RES-2017-13). The City Council subsequently held four required public hearings to solicit feedback and review City Council district maps submitted by the public. On December 3, 2019, the City Council introduced and on December 17, 2019, adopted Ordinance 2019-04, with Map 109c for the newly created City Council District boundaries (“**EXHIBIT A**”).

After the transition to the district-based election system, the city was geographically divided into four separate districts, each represented by one Council Member who was chosen by the electors residing in that particular district. The Mayor continued to be directly elected at large.

Following each decennial federal census, the City must adopt boundaries for Council Districts that are substantially equal in population. The deadline for cities with November elections to adopt the final District Map is April 17, 2022 (205 days before the election). If this deadline is passed, the County Superior Court will adopt the district boundaries for the city.

On May 18, 2021, the City Council approved Agreements with National Demographics Corporation, Inc. for Professional Demographer Services and Tripepi Smith for Professional Public Outreach Services to assist in facilitating City Council District Map revisions.

The redistricting process is currently provided for in the FAIR MAPS Act (adopted as AB849, revised by AB1276). Under the FAIR MAPS Act, the City is required to hold at least four public hearings during regular or special meetings before adopting a final map. The public must be allowed to provide input regarding the composition of the Districts during the public hearings. The public hearings meetings must be provided as follows at a minimum.

- At least one public hearing held before the Council draws draft map(s).
- At least two public hearings after the Council has drawn draft map(s).
 - At least one public hearing or public workshop must be held on a Saturday, on a Sunday, or after 6 p.m. on a weekday Monday- Friday.
 - The public hearings must be noticed and begin at a fixed time regardless of order on the agenda.

On July 6, 2021, and September 21, 2021, the City Council held the first and second of its four required public hearings in the redistricting process, taking input from the public and providing feedback to the consultant team regarding communities of interest. On November 19th and 20th the city hosted two public workshops to educate the community on the redistricting process and demonstrate how to use the map drawing tools provided by the consultant team. This is the third of the four public hearing required by the FAIR MAPS Act.

In addition to the public hearing or public workshop requirements, the FAIR MAPS Act also provides public outreach requirements. Specifically, the City must make good faith efforts to:

- Take steps to encourage residents, including those in underrepresented communities and non-English speaking communities, to participate in the redistricting public review process. Good faith efforts that satisfy this requirement include:
 - Providing information to media organizations that provide city news coverage, including media organizations that serve language minority communities.
 - Providing information through good government, civil rights, civic engagement, or community groups or organizations that are active in the city, including those active in language minority communities, or that have requested to be notified.
- Provide live translation of a public hearing or workshop in an applicable language if requested at least 72 hours in advance. Applicable language refers to “any language that is spoken by a group of City residents with limited English proficiency who constitute 3 percent or more of the City’s total population over four years of age for whom language can be determined.

The FAIR MAPS Act requires the Secretary of State to determine the applicable languages for each city. An “applicable language” means any language that is spoken by a group of city residents with limited English proficiency who constitute 3 percent or more of the city’s total population over four years of age for whom language can be determined. The Secretary of State has determined, using this metric, that English and Spanish are the applicable languages in the City of Marina and written materials prepared need to be in both English and Spanish. In addition to the required language translations, the City Council has opted to include additional language translations in Vietnamese and Korean.

ANALYSIS:

In accordance with the FAIR MAPS Act, the City Council has held two initial public hearings to inform the public about the districting process and to hear from the community on what factors should be taken into consideration when revising the current City Council district boundaries. This third public hearing is the first hearing to review and discuss draft maps of proposed districts that have been submitted by members of the community. The fourth public hearing is scheduled for the City Council’s regular meeting of February 15, 2022, at which time the City Council is expected to identify and introduce an ordinance to adopt its preferred map. That ordinance would then be adopted at the City Council’s regular meeting to be held on March 1, 2022, to be in effect 30 days later, that is, on April 1, 2022.

The City and consultant team of NDC and Tripepi Smith kicked off the redistricting process the week of June 7th with the website www.mapmarina.org going live and outreach coordination initiated. The email redistrictingmarina@cityofmarina.org was also set up to begin receiving communications from the public in one central location.

Outreach to date has included:

- One Facebook post a week on the City of Marina page. Additionally, staff has purchased “boosts” to the posts to reach a wider audience of Marina residents.
- One Nextdoor post a week on the City of Marina Agency Nextdoor page. This page reaches all Marina neighborhoods.

- One press release in English and Spanish released on the City Newsflash. The press release was also sent to people who have signed up for the “Districting Notify Me” option. Additionally, the press release has been disseminated to all local media outlets.
- Public Hearing notices for Hearing Nos. 1 and 2 published in the Monterey Weekly.
- Direct emails and phone messages to approximately 65 civic organizations located in Marina that were identified and engaged in the Census update.
- Coordinated with the Monterey Peninsula Unified School District to send redistricting information to all parents of school age children in the City of Marina.
- Two direct mailers to all approximate 11,000 residential addresses in the City.
- On November 19th and 20th the city hosted two public workshops to educate the community on the redistricting process and demonstrate how to use the map drawing tools provided by the consultant team.

Redistricting Rules and Goals

Redistricting is governed by certain laws, criteria and traditional principles. Federal laws require:

- Each council district shall contain a nearly equal population
- Each council district shall be drawn in a manner that complies with the Federal Voting Rights Act. No council district shall be drawn with race as the predominate factor in violation of the principles established by the United States Supreme Court in *Shaw v. Reno*, 509 U.S. 630 (1993), and its progeny.

In addition to the federal law, the FAIR MAPS Act enacted on January 1, 2020, requires the following criteria be used to the extent practicable when revising districts:

- Each council district shall be a geographically contiguous territory.
- Each council district shall contain undivided neighborhoods and “communities of interest.” Communities of interest may include school- and park-connected neighborhoods, city planning areas, social interests, agricultural, industrial or service industry interests, or other locally recognized definitions of communities and neighborhoods.
- Each council district border shall be easily identifiable and follow visible natural and man-made geographical and topographical features that follow visible natural and man-made features, including mountains, flat land, forest lands, highways, canals, etc.
- Each council district shall be as compact as possible. Districts cannot bypass one group of people to get to a more distant group.

It is prohibited to favor or discriminate against a political party.

Some traditional redistricting principles that may be considered when revising districts include:

- Minimizing shifting voters to different election years.
- Future population growth.
- Respecting voter choices from previous elections.
- Preserving the core of existing districts.

Public Participation and Map Revisions

During the initial and the second public hearing the public received information on the redistricting process and was requested to provide input regarding communities of interest and other local factors that should be considered while drafting district maps. A *community of interest* is a neighborhood or group that should be in the same district because of shared social or economic interests, or other common characteristics. Possible community features include, but are not limited to:

- A. School attendance areas;
- B. Natural dividing lines such as major roads, hills, or highways;
- C. Areas around parks and other neighborhood landmarks;
- D. Common issues, neighborhood activities,; and
- E. Shared demographic characteristics, such as:
 - (1) Similar levels of income, education, or linguistic insolation;
 - (2) Languages spoken at home; and
 - (3) Single-family and multi-family housing unit areas.

The above list of additional factors provides examples only. Communities of interest do not include relationships with political parties, incumbents or political candidates. The public is encouraged to provide input on some or all of these factors, and to suggest other criteria not mentioned above.

Draft Revised City Council District Maps

The City and the consultant team received draft maps from the public for this 3rd Public Hearing up until December 21st. Prior to the December 21st deadline a total of 48 draft maps were submitted by the public. After careful review and analysis by NDC, 21 of the submitted draft maps meet the requirements of the Voter Rights Act as described above, and 27 of the submitted draft maps do not meet the requirements of the Voter Rights Act. All of the 47 submitted draft maps are included in “**EXHIBIT B**”. Maps that do not meet the requirements of the Voter Rights Act are labeled as such.

Staff and the demographer are requesting that the City Council hold a public hearing, take testimony from the public and provide input on the draft maps submitted through December 21st. Please note the City will continue to receive draft maps from the public until the final deadline of February 1, 2022, and will have posted all draft maps to the website at <https://mapmarina.org/draft-maps/> by February 8, 2022, and the final set of draft maps will be reviewed and a map selected at the February 15, 2022, Public Hearing.

FISCAL IMPACT:

There is no fiscal impact as a result of the recommended action.

CONCLUSION:

It is recommended that the City Council open a public hearing taking testimony from public and consider adopting a Resolution, receiving a public and City Council input on the draft revised City Council voting district boundary maps.

Respectfully submitted,

Matt Mogensen

NOW, THEREFORE, the City Council of the City of Marina does ordain as follows:

Section 1.

Chapter 2.06 of the Marina Municipal Code, entitled "Municipal Elections", is hereby amended by adding Section 2.06.020 thereof to read as follows:

**"2.06.020. By-district electoral system for four City Councilmembers;
Mayor separately elected.**

A. Pursuant to the City Charter and California Government Code sections 34886 and 34871 (c), councilmembers shall be elected by-districts in four (4) single-member districts. As required by the City Charter, the Mayor will be separately elected by a citywide vote.

B. (1) Beginning with the general municipal election in November 2020, councilmembers shall be elected in the electoral districts whose boundaries and district numbers are reflected on the map contained in **Exhibit A** attached hereto and incorporated herein by this reference and as subsequently reapportioned as provided by State law. Elections shall take place on a by-district basis as that term is defined in California Government Code section 34871, meaning one member of the City Council shall be elected from each district, by the voters of that district alone, except for the Mayor, who shall be elected citywide. In accordance with the general law and the City Charter, each councilmember and the Mayor, shall serve a four-year term until his or her successor has qualified.

(2) Except as provided in subdivision (B)(3) hereof, the councilmember elected to represent a district must reside in that district and be a registered voter in that district, and any candidate for City Council must live in, and be a registered voter in, the district in which he or she seeks election at the time nomination papers are issued, pursuant to California Government Code section 34882 and Elections Code section 10227. Termination of residency in a district by a councilmember shall create an immediate vacancy for that council district unless a substitute residence within the district is established within 30 days after the termination of residency.

(3) Notwithstanding any other provision of this section, each of the councilmembers in office at the time this Chapter takes effect shall continue in office until the expiration of the full term to which he or she was elected and until his or her successor is qualified. Vacancies in councilmember offices elected at large may be filled from the City at-large. At the end of the term of each councilmember, that member's successor shall be elected on a by-district basis in the districts established in Subsection A and the map contained in Exhibit A hereto, as may subsequently reapportioned as provided by State law. A vacancy in a Councilmember office elected by-district shall be filled by a person qualified to hold the office, who is a resident of the district."

Chapter 2.06 of the Marina Municipal Code, entitled "Municipal Elections", is hereby amended by adding Section 2.06.030 thereof to read as follows:

"2.02.030. Election schedule for Council members elected by-district.

Nominations and all elections to fill public offices and elections on measures shall be made, held and conducted in the manner provided for by general law."

Section 2.

If necessary, to facilitate the implementation of this Ordinance, the City Manager or his or her designee is authorized to make technical adjustments to the district boundaries that do not substantively affect the populations in the districts, the eligibility of candidates, or the residence of elected officials within any district.
