October 28, 2019 Item No: **9c**

Honorable Mayor and Members of the Marina City Council

City Council Meeting of November 5, 2019

CITY COUNCIL TO HOLD PUBLIC HEARING NUMBER THREE TO CONSIDER DRAFT DISTRICT BOUNDARY MAPS TO ESTABLISH FOUR CITY VOTING DISTRICTS AND RECEIVE ADDITIONAL PUBLIC INPUT

REQUEST:

It is requested that the City Council consider:

1. Adopting Resolution No. 2019-, holding a public hearing to consider draft district boundary maps to establish four City voting districts and receive additional public input.

BACKGROUND:

The City received letters asserting the City's at-large electoral system violates the California Voting Rights Act (CVRA), and threatening litigation if the City declined to adopt a resolution of its intent to transition to district-based elections. The letters assert that the City of Marina's present at-large method of conducting elections has resulted in vote dilution for residents of protected classes, as defined in the CVRA, and has denied them effective representation and participation in elections to for members of the Marina City Council. The City does not necessarily agree with the assertion but has taken this item under advisement with legal counsel and reviewed its options.

In response to a threat of potential CVRA litigation, one option is to defend the lawsuit, which comes at a significant cost; furthermore, no public agency has ever prevailed in defending a CVRA lawsuit. In the end, these agencies have either voluntarily implemented district-based election through a negotiated settlement or been forced to do so by a court order. A second option in response to a CVRA challenge is to voluntarily transition to district elections.

On September 4, 2019, the City Council adopted a resolution declaring its intent to initiate proceedings to transition the City from at-large to district-based Council Member elections pursuant to Elections Code Section 10010 and Government Code Section 34886 (RES-2017-13). In approving this resolution, the City is now in a "safe harbor" in which the transition to district-based elections can be completed without further threat of litigation.

The City of Marina currently has an at-large election system, which means that the electors for the entire City choose each of the four Council Members, and a directly elected Mayor. A district-based election is one in which the city is geographically divided into separate districts, each with one Council Member who resides in the district and is chosen by the electors residing in that particular district. The City Charter currently provides for the office of Mayor to be directly elected at large and therefore it would require a vote of the people to change the method established by the City Charter by which the Mayor is selected. Elections Code (Sec. 34886 and Sec. 34872) provides that a city can have an at-large elected mayor while having council members elected by districts.

Pursuant to Elections Code Section 10010, the City Council is required to hold at least five public hearings in connection with the establishment of electoral districts, before the Council moves to consider an ordinance to transition the City to district-based elections. The purpose of the first two public hearings is to inform the public about the districting process and to hear from the community on what factors should be taken into consideration while creating district boundaries. On September 17th and October 1st, the City Council held the first two public hearings to invite public input regarding the composition of the City's voting districts.

Following the initial two public hearings, the City Council must also hold at least two public hearings to discuss draft maps of proposed districts themselves. The final public hearing will concern the adoption of the final district map.

The complete schedule of Public Hearings to be held in this process to create City Council Districts, includes the following dates:

- September 17 Educational Presentation 1 to discuss data and receive Council and public input
- October 1 Educational Presentation 2 to discuss data and receive Council and public input
- November 5 Draft Map Presentation 1 for Council and public input
- November 19 Draft Map Presentation 2 for Council and public input
- December 3 Council to consider an Ordinance adopting the final district maps

ANALYSIS:

The City has retained the services of National Demographics Corporation (NDC) to assist in the creation of City Council District boundaries for voter consideration on the November 2020 ballot. On October 29, 2019, NDC released its first draft boundary maps. These maps have been posted seven days in advance of this public hearing at www.cityofmarina.org/933/District-Elections for community consideration (EXHIBIT "A").

NDC's two maps were developed in accordance with law including the following:

- Each Council District shall contain a nearly equal population as required by law.
- Council District boundaries shall be drawn in a manner that complies with the Federal Voting Rights Act and avoids racial gerrymandering.
- Council Districts shall consist of contiguous territory in as compact form as possible.
- Council Districts shall respect communities of interest as much as possible.
- Council Districts shall follow visible natural and man-made geographical and topographical features as much as possible.
- District borders shall be designed, insofar as this does not conflict with Federal or State law, to provide for an orderly transition to a district-based system as existing incumbent terms naturally expire.

NDC's draft maps create four City Council Districts, with the Mayor continuing to be elected at large.

Between October 2nd and October 22nd the City solicited district maps prepared by s residents to supplement the two first draft boundary maps prepared by NDC. To facilitate this input, map drawing tools were made available on the City's District Elections webpage and two outreach events were held: one at the Fire Prevention Open Housing on October 8th and one at the Marina

Public Library on October 16th. Additionally, the outreach communications have taken place via the City's social media accounts, website, direct email Newsflash announcements, City Council meeting announcements, and newspaper ads.

The public submitted eight draft maps including comments. These maps have been professionally reproduced by NDC and are included as **EXHIBIT "B".** The maps and demographic profiles for each map have been made available to the public since October 29, 2019 at www.cityofmarina.org/933/District-Elections.

Following two informational public hearings, State law requires at least three (3) additional public hearings prior to Council approval of a Council District map. This hearing is the first of those three hearings, at which the City's consultant will present the draft maps along with any community feedback that has been received as of the date of the hearing.

Following the public hearing on November 5, members of the public will have the opportunity to present new or revised maps for Council consideration until close of business of Thursday, November 7 when maps to be considered at the public hearing on November 19 will be prepared for and posted on City's website.

ENVIRONMENTAL DETERMINATION:

This action is not a project within the meaning of the California Environmental Quality Act (CEQA) Guidelines sections 15320, 15378 and 15061(B)(3) as it is an organizational structure change and does not have the potential to result in either a direct or reasonably foreseeable indirect physical change in the environment.

COUNCIL PRIORITIES

At the March 2019 City Council retreat, the council identified a number of priorities. This item does not address any of the established priorities.

FISCAL IMPACT:

Not at this time.

CONCLUSION:

City of Marina

It is recommended that the City Council hold a hold a public hearing to consider draft district boundary maps and receive additional public input.

Respectfully submitted,
Matt Mogensen
Assistant City Manager
City of Marina
REVIEWED/CONCUR:
Layne P. Long
City Manager

RESOLUTION NO. 2019-

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF MARINA, HOLDING A PUBLIC HEARING TO CONSIDER DRAFT DISTRICT BOUNDARY MAPS TO ESTABLISH FOUR CITY VOTING DISTRICTS AND RECEIVE ADDITIONAL PUBLIC INPUT

WHEREAS, on September 4, 2019, the City Council adopted a resolution declaring its intent to initiate proceedings to transition the City from at-large to district-based elections for members of the City Council pursuant to Elections Code Section 10010 and Government Code Section 34886 (RES-2017-13); and

WHEREAS, on September 17th and October 1st, the City Council held the first two public hearings to invite public input regarding the composition of City voting districts; and

WHEREAS, the City of Marina currently has an at-large election system and a directly elected Mayor; and,

WHEREAS, the district-based election will geographically divide the City into four separate districts, each with one Council Member who resides in the district and is chosen by the electors residing in that particular district; and

WHEREAS, the office of the Mayor would still be elected at large; and

WHEREAS, the City has provided public notice of the five mandated public hearings required prior to the adoption of a final district map; and

WHEREAS, the purpose of the first two public hearings was to inform the public about the districting process and to hear from the community on what factors should be taken into consideration while creating district boundaries to; and

WHEREAS, following the hearing held this date, the City Council must also hold at least two more public hearings to consider and establish district boundary.

WHEREAS, subsequent public hearings will be held on November 19 and December 3, 2019.

NOW, THEREFORE, BE IT RESOLVED, that the City Council of the City of Marina does hereby

1. Adopting Resolution No. 2019-, confirming that a public hearing was held this date to consider draft district boundary maps and receive additional public input.

PASSED AND ADOPTED by the City Council of the City of Marina at a regular meeting duly held on the 5th day of November 2019, by the following vote:

AYES, COUNCIL MEMBERS: NOES, COUNCIL MEMBERS:	
ABSENT, COUNCIL MEMBERS:	
ABSTAIN, COUNCIL MEMBERS:
