Matt Mogensen, Assistant City Manager
City of Marina
211 Hillcrest Avenue
Marina, CA 93933

Dear Mr. Mogensen,

Thank you for the opportunity to provide this proposal to the City of Marina. NDC has 39 years of experience districting and redistricting local jurisdictions, together with unmatched experience working with jurisdictions facing California Voting Rights Act (CVRA) concerns. Based in Glendale, NDC has worked on CVRA analysis and districting efforts for over 90 cities, 250 school districts, and a variety of other local California jurisdictions across the state – including Monterey Airport District, King City, Los Banos and Santa Cruz City Schools. We welcome the opportunity to bring the firm's expertise and skills to assist the City.

For each project, there are certain required basic elements, and there are several options that the City can include or leave out at its option. NDC carefully tailors each project to the needs and goals of the individual client partner. NDC also welcomes the opportunity to work with the City to encourage public participation in this process, as we offer several tools developed specifically for public engagement in this effort.

The attached proposal consists of a brief introduction; specific proposed project elements and options; timeline and cost information; conclusion; and signature section. NDC looks forward to working with you on this effort. The "basic elements" includes all the required elements from your request for a proposal. Please call or email if you have any questions, concerns, or requests regarding this proposal.

Sincerely,

Douglas Johnson
President

About National Demographics Corporation:

Brief Company History

NDC has served hundreds of local governments over the past 39 years. Founded in 1979, NDC has performed work in all regions of the country, serving clients as varied as the States of Mississippi, Arizona, Florida and Illinois, Clark County Nevada, American Waterworks, California's Franchise Tax Board, the San Diego Unified School District, the Foundation for California, and the Arizona cities of Glendale, Mesa, Peoria, Phoenix, Mesa and Surprise.

The company is especially well known for its work in local and state government. Since 2002, NDC has established a reputation as the state's leading demographic expert on the California Voting Rights Act (CVRA), having performed demographic assessments of potential CVRA liability and/or moves to by-district elections for over 350 jurisdictions. And no company has been responsible for addressing the electoral demographic needs of more local governments, as NDC has districted and/or redistricted well over 200 local school districts, cities, water districts, county boards, and other local districts.

Nationally recognized as a pioneer in good government districting and redistricting, NDC is especially experienced in working with local jurisdictions in California, Arizona and Nevada. This background gives us unmatched expertise in the issues, questions, and decisions jurisdictions face in any discussion regarding the California and Federal Voting Rights Act and related election system choices.

NDC's Districting Process

The following information is provided for information and for use if a jurisdiction decides to move to by-district elections. If the client decides not to move to by-district elections, the work would end with the demographic analysis described above.

Technical Expertise

NDC's personnel are nationally recognized as leaders in the districting field, and are responsible for numerous books and articles on the subject. NDC possesses all the hardware and software necessary to the districting and redistricting needs of any jurisdiction, and its personnel have extensive experience in the line-drawing side of districting and redistricting work as well as in developing the databases used for these purposes.

The technical demands of a districting effort are high, and NDC is the undisputed leader in this area. But far more important than technical expertise are the interpersonal understanding and experience working with all parties in the process, including the public.

Public Involvement

NDC pioneered the "transparent districting" approach which involves the public at every stage of the process. The company invented the "public participation kit" for public participation in districting efforts, which many of the firm's competitors now attempt to duplicate. Perhaps NDC's most valuable service is the firm's experience transforming often-contentious and passionate debates on this difficult subject into thoughtful, constructive

discussions focused on the options and outcomes rather than individual personalities or positions. NDC also has considerable experience working with translators in public forums and providing materials in English and Spanish.

Minority Group Outreach/Partnerships

U.S. Supreme Court decisions are constantly changing the rules regarding districting, "race-based districting," and the establishment of districts focused on the electoral power of "protected classes." It is crucial that the consultant work with the racial, ethnic, and other community groups at the beginning of the process to welcome their ideas and develop the appropriate expectations regarding minority representation prospects. No NDC local districting or redistricting plans has ever been overturned in Court, nor have any even faced a Department of Justice challenge.

Openness

Any change in election systems can have momentous implications for the distribution of political power in a jurisdiction and for access by groups and individuals to the governance process. Not surprisingly, such changes often attract considerable public attention, sometimes generate intense controversy, and may draw charges of manipulation and abuse of power. Disputes over the form and substance of the process and the results can result in stalemate or legal challenge. It is crucial, therefore, that the jurisdiction establish, at the beginning, a process that is not only fair, but that is seen to be fair, to all contending groups and individuals.

Media Outreach

NDC's work has been widely praised in the media, and NDC has worked extensively on background, off the record, and on the record with all types of press including radio, television, newspaper, and new media.

Local Leadership

NDC views its role as an advisor and technical resource. The firm advises its clients, but every project remains the client's project. NDC offers guidance based on its experience and expertise, but ultimately the decisions are made by the jurisdiction itself. NDC welcomes the chance to assist this project under the guidance and direction of the jurisdiction's elected leadership, key staff members, and the entire community.

Impeccable References

All of NDC's former clients – without exception – can be contacted for references. The firm has no embarrassing projects. All NDC's local districting and redistricting plans have been accepted into law with a minimum of controversy. A list of references is included below.

Each of these elements of NDC's methodology is incorporated into the proposed project process below.

Proposed Scope of Work

To provide the flexibility to meet the needs of the client if it decides to move to by-district elections, NDC offers a full menu of options:

Basic Districting Project Elements

Includes all the services listed below:.....\$11,500

- Project Setup and coordination:
 - Development of redistricting database including Census and California Statewide Database data;
 - Incorporation of any Geographic Information System (GIS) data that the City wishes to include and provides (often including school locations; school attendance areas; important local landmarks; or local neighborhood boundaries);
 - Initial discussion with key staff and/or Council members about demographics, communities of interest, schedule and criteria;
 - Any phone- or web-conference calls to discussion the project's progress or answer any Council, staff or media questions that may arise;
- Plan Development:
 - Create of 2 to 4 initial draft maps for Council and public consideration;
 - Analysis and preparation for Council consideration of all whole or partial plans submitted by the public;
 - Conversion of all maps and reports to web-friendly versions for online posting;
 - Online posting of all maps to an interactive website for detailed review;
 - Create any requested additional and/or revised maps as requested;
- Plan Presentation:
 - Present (by phone- or web-conference included, in person subject to optional element cost) at public hearings and/or community forums prior to the drawing of any draft district maps;
 - Present (by phone- or web-conference included, in person subject to optional element cost) at public hearings at two Council meetings and/or public forums to discuss the draft maps;
- Work with the County Registrar of Voters to implement the final adopted plan.

Optional Districting Project Elements

Selected at the client’s discretion:

- In-person attendance and participation at Council meetings, public forum(s), and/or any other requested meetings;.....\$2,000
- Preparation and processing of paper, PDF and Excel-based "public participation kits" (paper kits that allow the public to draw and submit their own plans).....\$3,500
- Creation, hosting, and updating of an NDC--managed project information website (if the client does not wish to manage a project website as part of its existing website).\$4,000

National Demographics Corporation

- Hosting, managing and processing submitted plans for an online interactive system that allows public to draw and submit proposed districting plans through a standard web browser.....\$11,500
- Spanish translation of project-related materials.....\$125 per page

Stated prices include all travel, printing (except public participation kits and any large-plot maps), and other anticipated expenses.

Timeline: A timeline will be established in consultation with the client. This typically takes three to nine months, but can be done faster when necessary.

Other Potential Project-Related Expenses:

The only anticipated additional districting expenses would be any site or staff costs for conducting the community forums; and the cost of printing or copying paper copies of the “Public Participation Kit.” In NDC’s experience, most public participants will download and print the Kits in their own homes or offices.

NDC requests that one-half payment be made at project start and one-half at the conclusion.

Conclusion

Since its founding NDC has been the preeminent company in the nation devoted to local election systems. To summarize:

- NDC, founded in 1979, has a demonstrated record of financial solvency.
- NDC's hardware and software resources were specially designed and acquired for districting and redistricting purposes.
- NDC's highly respected personnel have impeccable credentials in each aspect of the districting and redistricting processes.
- NDC's suggested approach has been tested in many jurisdictions.
- Any NDC client can be contacted for testimonials and reference.
- NDC has more experience in the field of municipal political election systems than any other company of which NDC is aware.
- NDC has demonstrated experience over many years in working with the press and media on local election system issues.
- NDC possesses fully up-to-date and highly effective geographic retrieval systems with applications specifically designed for districting and redistricting.
- Neither the Justice Department nor any Court has ever rejected any local government districting or redistricting plan submitted by NDC.

It should be clear that NDC has all of the resources of experience, technical expertise, and legal/political know-how to assist the City in its current effort. NDC looks forward to the opportunity to work with the City on this project.

Proposal Acceptance

The terms of this proposal are available for 45 calendar days from its delivery to you. In most situations, NDC is open to extending that period of time to meet any particular needs of your jurisdiction.

NDC prides ourselves on tailoring each project to the needs and goals of each individual client. NDC is open to any feedback, concerns, requests, or changes regarding this proposal. If, however, it is acceptable in its current form, then NDC welcomes the opportunity to begin work as soon as possible.

If your jurisdiction has specific contract and/or letter of agreement language you prefer to use, please provide it and ignore the signature block below. If you prefer, simply sign two copies of this proposal in the signature block below and return them to NDC. Once signed by NDC, one copy will be returned to you. Thank you.
