On February 23, 2011 from 7:00 am to 12:00 pm, the Monterey Regional Strategic Traffic Operations and Prevention Program (STOPP) will be conducting a special traffic enforcement operation in the City of Marina. Officers assigned to STOPP will be working on Reservation Road, Imjin Parkway, Del Monte Boulevard, and the elementary schools.

STOPP was formed to promote and enhance motorist safety, educate our motoring public and reduce traffic collisions. Made up of Monterey Regional law enforcement agencies, STOPP will address specific traffic enforcement needs within each jurisdiction to reduce traffic collisions. The program will focus on primary collision factors of these commuter routes through the City of Marina.

Each month participating STOPP agencies will provide personnel and equipment to a participating STOPP member and provide saturated traffic enforcement in problem areas defined by the host agency. Citizens will see officers from different police agencies providing traffic enforcement in Monterey Peninsula cities.

Funding for this community safety program is provided by Monterey County law enforcement agencies.
